1. The following is an examiner's statement of reasons for allowance: For reasons of record, the instant claims are allowed over the prior art. The amendment dated 9/19/06 deletes all rejected claims.

During an updated review of the prior art, the Examiner discovered Ferenz et al. This application was filed after the effective filing date for the instant application and does not qualify as prior art. In addition, while Ferenz et al. and the instant application have a common assignee, note the following:

"If a "provisional" nonstatutory obviousness-type double patenting (ODP) rejection is the only rejection remaining in the earlier filed of the two pending applications, while the later-filed application is rejectable on other grounds, the examiner should withdraw that rejection and permit the earlier-filed application to issue as a patent without a terminal disclaimer".

In the instant application, an ODP rejection over Ferenz et al. was not made, but could be applicable. However, the Ferenz et al. application has yet to be examined. As such no ODP rejection will be made in the instant, earlier filed, application as this would be the only remaining rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday to Wednesday and Friday, 10am to 4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on (571) 272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
